

Courage to Spare

Give us courage to love—courage to spare
And please don't forget to give us prayer
Courage within—courage without
Courage beyond the shadow of a doubt
Beyond the shadow of a doubt

Quiet our minds. Open our hearts.
Help us to love. Help us to start

Give us courage and hope—with strength to spare
A tiny glimpse of truth laid bare
Love within—Love without
Love beyond the shadow of a doubt
Beyond the shadow of a doubt

Open our hearts. Quiet our minds.
Help us to love in these difficult times

Give us courage to love—courage to spare
And please don't forget to give us air
Courage within—courage without
Courage beyond the shadow of a doubt
Beyond the shadow of a doubt.
Beyond the shadow of a doubt
